

To all my brothers and sisters at Saint Therese Parish,

Hosanna in the Highest! Jesus Christ is born!

Merry Christmas! It has been just over a year that I was so warmly welcomed as the new Administrator. Even though the pandemic caused limitations for worshiping in Church, I have been happy to meet and welcome so many of you back to our celebrations through our socially distant Masses and sacramental celebrations. Your continued dedication and to the Parish is proof that each of you are truly manifestations of God's love.

I would like to take this opportunity to thank each of you for supporting not only me in my first year, but the continued support you have given to the Parish "coffers." Even though the plans that were ready for implementation had to be put on hold indefinitely, we still have been able to meet all our obligations to keep this Parish running without dipping into our savings. Your generosity is truly a blessing.

I would also like to thank you for the cards, personal notes, and Christmas gifts you've sent. It is so gratifying to experience the warmth you all have been so eager to show me! I am truly blessed to be assigned to walk with you in the journey of our faith.

May you all experience the blessings of good health, safe shelter, and more than anything, the Peace, Hope, and Love of Christ in the heart of your families.. I am so grateful to you all.

Blessed Christmas from your brother in Christ

Fr. Carlos
